**SUBJECT:** Installation of Edge Guard Kit, GIII

**MODELS:** Coke 660 & 804 Venders Built on P.O. 1329 and Before

**KIT NUMBER**

**KIT DESCRIPTION**

210110

Edge Guard Kit (Coke 660 & 804)

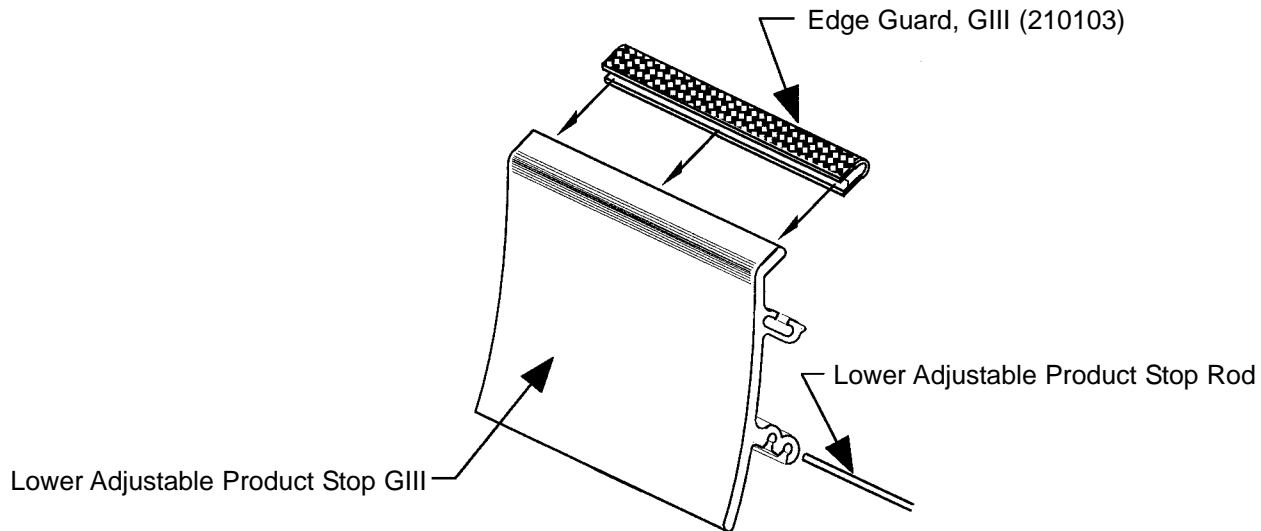

**BEFORE WORKING ON VENDER:** Remove power from vender by unplugging vender's main power cord from the AC voltage power source (wall outlet).

### Reason For Fix:

This fix is necessary for preventing plastic bottles from being shaken out of venders.

### Instructions:

1. Empty each column in which Edge Guard installation is needed.
2. Locate each of the 12 adjustable product stops in your GIII vender (1 per column) as shown on the "Loading Instructions" decal on the vender's inner door.
3. Using the 12 Edge Guards included in the kit, firmly press 1 Edge Guard on the top edge of each adjustable product stop (as shown in the illustration below)
4. You may choose to remove the lower adjustable product stop rod for each column allowing you to pivot the adjustable product stop to ease installation.
