SUBJECT: Narrow Sign Conversion for a Wide Port

of People
Required

MODELS: Gill Landscape Wide Port Venders

TOOLS REQUIRED: Drill, 1/4" drill bit, jigsaw

ESTIMATED TIME: 10 minutes

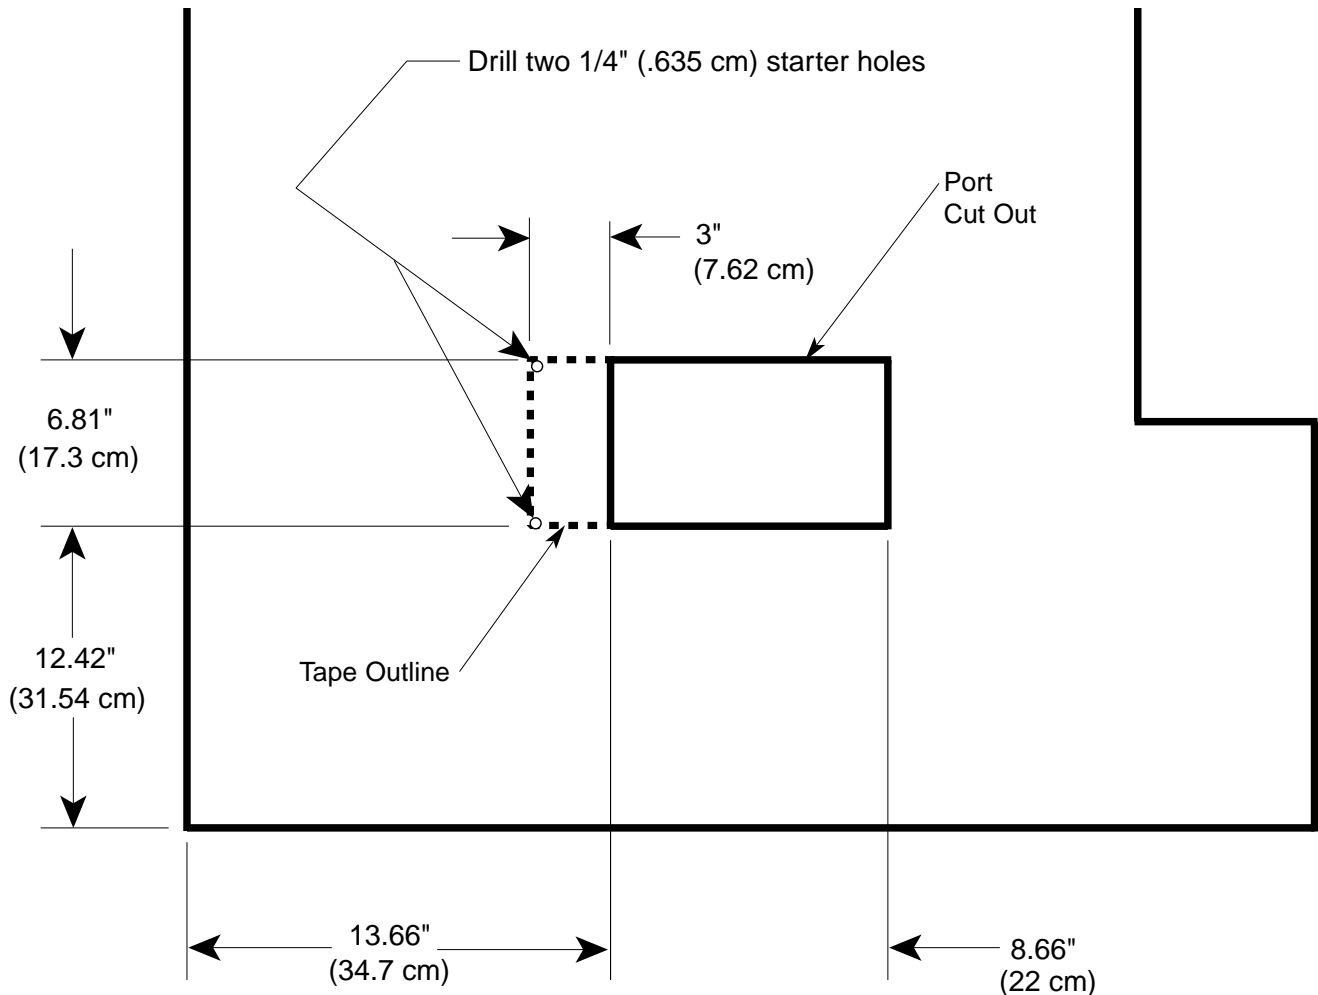

REASON FOR HINT: To convert a sign with a narrow port opening to a wide port opening.

INSTRUCTIONS:

Note: Starting with serial number 200022AA-00284 and after, all venders are produced with wide ports

This procedure is recommended to be done before the sign is installed.

1. Facing the sign, measure three inches from the left side of the port cut out.
Outline this area with tape. (See illustration below)
2. Use a 1/4 inch drill bit, drill starter holes in both corners; this will prevent cracking when cutting.
3. Using a Jig saw, cut along the outlined area.
4. Refer to Helpful Hint #9 for installation procedures.
