SUBJECT: Installation of a Port Shield

MODELS: GIII

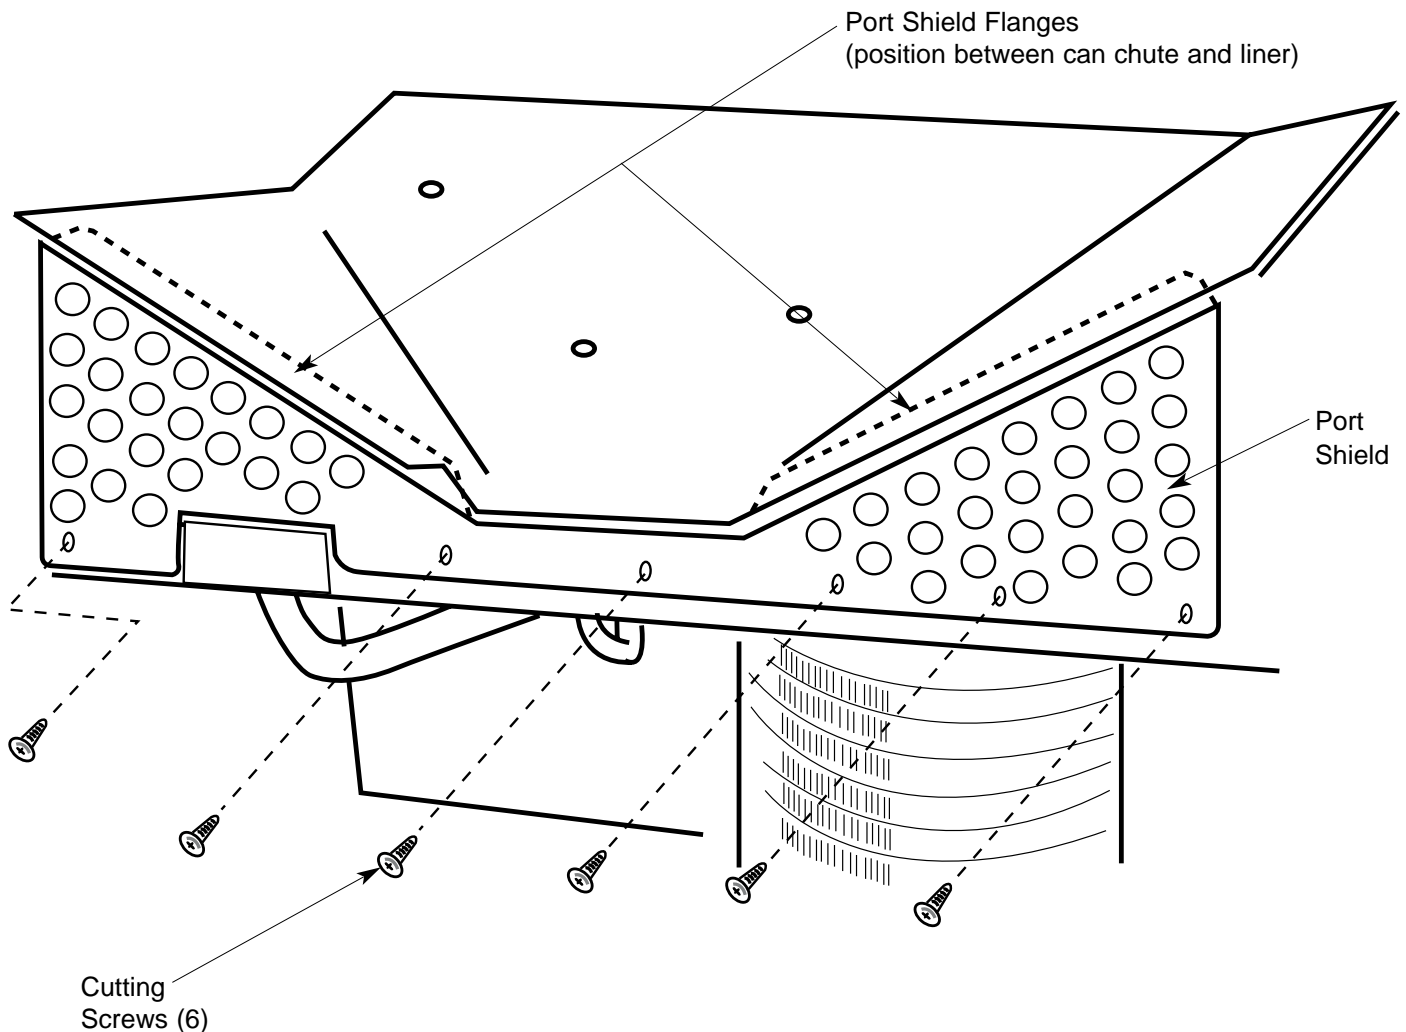

Kit Number	Kit Description
303114	Port Shield Kit, Landscape
290147	Port Shield Kit, Marketing

REASON FOR BULLETIN:

The port shield prevents vandals from reaching through the port opening with a wire and pulling the chute sensor loose to obtain free product and prevents product storage under delivery chute.

INSTRUCTIONS:

1. Remove power from vender by unplugging vender's main power cord from the AC voltage power source.
2. Insert both port shield flanges between the can chute and its liner.
3. Secure the port shield to the cabinet with the 6 cutting screws from the kit.
