Revision: 01

**SUBJECT:** Replacement of RVV NG KO Door Fascia

Number of  
People  
Required

**MODELS:** RVV NG KO venders

**KIT NUMBER**

**KIT DESCRIPTION**

356101

Black Fascia with Coke Graphics

356102

Black Fascia with Dasani Graphics

**TOOLS REQUIRED:** Rubber mallet, center punch, drill with 1/4" bit

**ESTIMATED INSTALLATION TIME:** 5 minutes

**REASON FOR BULLETIN:** This bulletin describes the proper procedure for replacing the fascia on the Royal Vision Vender Next Generation (RVV NG).

The following areas of this vender contain voltage which can cause serious injury or even death: the main power cord, supplying 115-230 VAC to the evaporator, EMI filter, and refrigeration system; the power line from the EMI filter to the ballast and transformer; and the ballast, which can produce upwards of 600 volts. Remove all power from the vender before working in any of these areas.

## INSTRUCTIONS:

- Using a rubber mallet and center punch, tap out the Christmas trees in the existing door fascia. There are ten Christmas trees in the fascia. (See picture for locations.)
- Remove the existing fascia from the door.
- Using a 1/4" drill bit, bore out the Christmas tree holes in the new fascia.
- Install the new fascia on the door exactly as the old fascia was installed.
- Secure the new fascia with the ten Christmas trees provided in the kit. Install them in the order shown in the illustration to the right. Tap them in completely using a rubber mallet. (NOTE: It is important to install the Christmas trees in the correct order to prevent the new fascia from bowing during installation.)

Locations of Christmas trees  
(Install these Christmas trees first)

In an effort to provide our customers with the latest information on our equipment, Royal Vendors sends service bulletins to customers using the original ship-to address or e-mail addresses, if supplied by our customers. We also post all service bulletins on our website at www.royalvendors.com. If for any reason a vender is moved to another location or is sold to another customer other than to whom Royal Vendors originally sent the machine, it is the responsibility of the original purchaser of the vender to notify the appropriate personnel of the service bulletin.
